

**MEMORANDUM OF UNDERSTANDING ON
ACADEMIC COOPERATION
BETWEEN
Department of Materials Science and Engineering,
KOREA ADVANCED INSTITUTE of SCIENCE and TECHNOLOGY
AND
Department of Physics & Materials Science
AND
Materials Science Research Center, FACULTY of SCIENCE,
CHIANG MAI UNIVERSITY**

The Department of Materials Science and Engineering (MSE), Korea Advanced Institute of Science and Technology (KAIST) and the Department of Physics & Materials Science and Materials Science Research Center, Faculty of Science, Chiang Mai University (CMU), inspired by their common objectives to promote progress in educational opportunities related to fields of materials chemistry, enter into this Memorandum of Understanding ("MOU") and, within the limitation of available funds and policy decisions of their respective governing bodies and executive officers, agree to a program of cooperation which may include one or more of the following:

1. An exchange of faculty, staff, and students
2. Promotion of joint research opportunities under applicable agreements and approvals
3. An exchange of academic publications and nonproprietary information, and
4. Promotion of other academic activities.

This MOU signed by the two parties will remain valid for five (5) years from the date of the last signature. A party may terminate this MOU by giving at least six (6) months written notice to the other party. At the end of the five-year term, the agreement will be extended automatically for a further five (5) years if no official request otherwise is taken into account. The agreement can be amended or terminated as mutually agreed in writing by both parties.

This MOU is a non-binding expression of the current intentions of the parties, and neither Party will incur nor be bound by any legal obligation or expense hereunder to the other party until and unless definitive agreements have been negotiated, approved by the necessary management levels of each party and executed and delivered by authorized representatives of both Parties.

Two (2) copies of this MOU will be signed in English, and both copies are recognized as formal documents.
